KIT ORDER DETAILS

50L General Purpose Kit [ES-SK50G]

50L General Purpose REFILL Kit [ES-SK50G-R]

Directions for Use

1. Assess the liquid that was spilt before applying absorbent (consult SDS for safety precautions).
2. Contain the spill using the absorbent or containment sock.
3. Apply absorbent to cover spill.
4. The mix of absorbent and the spill should appear dry, if not, apply more absorbent to cover spill.
5. Using a stiff broom, sweep absorbent over the spill area.
6. If the mix does not appear dry or there remains an oily film on the surface, apply additional absorbent.
7. Use pads to wipe clean any area or equipment not cleaned by the absorbent.
8. Dispose of in accordance with local government regulations.
9. Complete an incident report and file.
10. Re-stock kit with replacement stock.
