

Size Conversion Chart

All Mongrel Boots sizing are shown in MensAUS/UK sizing. For Ladies (US) sizing it is recommended to go 2 sizes down (as noted below)

Some information about Half Sizes

The half size boots produced by Mongrel are always the same size in length as the preceding full size. As an example, a size 7½ boot is the same size in length as a size 7 boot. The difference is in the width across the forefoot, which in the half sizes, is manufactured several mm wider than the preceding full size. So the half sizes feel bigger and are recommended for people with wider feet.

| Measurements MM (Heel-Toe) | Mens AUS/UK Size | Ladies US Size | EURO Size |
|-------------------------------|------------------|----------------|-----------|
| 212 | 2 | 4 | 34 |
| 221 | 3 | 5 | 36 |
| 230 | 4 | 6 | 37 |
| 239 | 5 | 7 | 38 |
| 248 | 6 | 8 | 39 |
| 258 | 7 | 9 | 41 |
| 267 | 8 | 10 | 42 |
| 276 | 9 | 11 | 43 |
| 285 | 10 | 12 | 45 |
| 294 | 11 | | 46 |
| 303 | 12 | | 47 |
| 312 | 13 | | 48 |
| 320 | 14 | | 49 |
